

Leadership Winter Haven Class 39 Application 2018 - 2019

Helping to shape our
community's future...

Leadership Winter Haven: A continuing legacy ...

Leadership Winter Haven was founded in 1980. Since that time the program has been dedicated to nurturing the leadership skills and understanding of individuals throughout the business community. In the course of the program, participants are exposed to the spectrum of business, industry, governmental and social issues that confront Winter Haven's current leaders and will challenge the leaders of tomorrow.

Since the program's inception as one of Florida's earliest community leadership programs (and Polk County's first), nearly 450 people have completed the course. Leadership Winter Haven alumni represent a strong communications network within Greater Winter Haven uniting people of varied interests and backgrounds. From agribusiness to entrepreneur, finance to public servant, the program is rich with diversity.

LWH graduates possess a unique understanding of the complexity of our region. Participants learn first hand the assets, opportunities, challenges and needs within our community, county and Central Florida.

Graduates of Leadership Winter Haven are found throughout not only business, government and community organizations but serving as effective, aware volunteer leaders on Boards of civic organizations and community projects. The benefit of this leadership program is the shaping of a vibrant yet diverse group of individuals who, through well informed decisions will help our community face tomorrow's challenges.

Purpose:

Leadership Winter Haven strives to develop a well informed and diverse pool of leadership talent ready to help the community and area reach its full potential.

Who Should Participate:

Participants include young executives who aspire to leadership, established leaders seeking more thorough knowledge of the community as well as civic volunteers who seek a stronger communications network.

Selection of Participants:

Application to Leadership Winter Haven involves both a written application and informal interview conducted by several program graduates. The primary criterion for participation is a sincere interest in furthering your leadership ability and community understanding.

In the interest of group dynamics, married couples or close relatives are not selected for the same class. The program has, however, graduated a number of husband/wife teams who participated in different classes.

In the event that more qualified candidates apply than class space allows, first consideration will be given during the following year to those whose applications were deferred.

What Do Participants Stand to Gain:

Everyone reaps their own personal rewards from participation. Among them:

- Greater understanding of the community
- Stronger communications network
- More self-confidence in personal leadership abilities
- More opportunities for active participation
- New friends for life

Attendance and Participation

- Successful completion of the Leadership Winter Haven program requires two essentials: attendance and active participation.
- The two-day opening retreat & welcome party, three-day Tallahassee visit and closing retreat & graduation ceremony are mandatory.
- While certain exceptions can be made for those needing to stay in Tallahassee beyond the class visit, class members are required to ride the charter bus to Tallahassee as that is when final preparations take place for the legislative visit.
- Class members may not miss more than one complete day of the program itinerary or any combination thereof. On occasion, special extra-curricular trips have been scheduled and counted as make-up days, however, there is no guarantee a make-up day will be scheduled. Certain other exemptions apply on rare occasions. Minimum attendance requirements assure the integrity of the accomplishment for those who participate faithfully.
- If you work for a company or organization, their support is essential. The program will require day-long outings from October through June, usually one per month. If you are self-employed you will need to evaluate the requirements of the program as compared to your available time.
- Leadership is a team-building exercise. Each member of the class must participate to the fullest. Sitting off to yourself, reading a book as you travel, cell phone calls between visits are all counter to the Leadership program goals ... and, therefore, not allowed.
- The use of cell phones on Leadership Class days, during the opening retreat and Tallahassee visit is strictly forbidden. When traveling between visits you are expected to discuss the aspects of your leadership experience ... not check in with your office. If you cannot make this commitment, this Leadership program is not for you. Violation of this policy will result in expulsion from the class and no fees will be refunded. (Your class Chairperson carries a cell phone and this number is provided to you in the event that serious emergencies arise.)

Enrollment fees for Leadership Winter Haven are \$1,650 for Chamber member and \$2,000 for non-Chamber member. Arrangements can be made to pay in two installments. Tuition covers:
